ONE CENT

ALMOST \$30,000 IN LIBERTY BONDS SOLD ON THURSDAY

High School Students Increase Their Totals by Good Sales

MANY MORE SALES EXPECTED

Charleroi citizens subscribed to \$29,750 worth of Liberty Bonds on Thursday, making a total of \$269,750 disposed of by the local banks to date. This amount will be increased and when the sale comes to a close Saturday evening it is expected that Charleroi will have subscribed almost its allotted share, which is \$469,600.

Our quota is computed on the bank deposits of the town, and these being quite heavy, much heavier in fact than Donora, and in excess of Monongahela, our share of Liberty Bonds is placed at a very high figure. However, Mr. Daly and others in close touch with the situation say they expect Charleroi to be very near the top when the sale of the bonds closes Saturday evening at 9 o'clock.

On Thursday the high school students sold \$3,700 worth of bonds, bringing their totals up to \$23,450. In order to make up the \$25,000 sales which they expected to reach they have only to sell \$1550, an amount they believe they will dispose of before the banks close Saturday evening.

Of the local towns, Monessen is making the premier drive. The banks and business men of that community expect to sell over \$750,000 in these Liberty Bonds before the campaign closes. Of course the town's totals are helped by big subscriptions from the Pittsburgh Steel, the Steel Products, Carnegie Steel and the Page Woven Wire. In addition the citizens have been very liberal subscribers.

The remaining time of the sale is expected to show up some large subscriptions, as many of those who have been holding off will likely make their subscriptions tomorrow.

TENTH'S TEAM IS A WINNER AT FOOTBALL

The Old Tenth's football team down in Camp Hancock on Wednesday, played some football against the team of the Old Second, and won by a score of 13 to 0. Wickerham of Company A, who captained the Tenth team, made two touchdowns. The Tenth was coached by Major Joe Thompson, while the Philadelphia boys were coached by Walter Camp, Jr., the great football authority and a former Princeton star.

WAR SERVICE FOR WOMEN

Those Willing to Replace Men Asked to Register for Duty

SCARCITY OF LABOR IS REASON

Governor Brumbaugh on Thursday issued the following proclamation from Harrisburg:

Whereas, The unusual economic conditions arising from the withdrawal from productive industry of over 100,000 men of Pennsylvania to enter the national service in this war time menace the production of material good to our people and our country at a time when output should be greatly increased, and,

Whereas, It is imperative that Pennsylvania, as in the past shall in this crisis lead all the rest in the quantity and quality of service and support given the national government, and

Whereas, This can be done only by utilizing the women powers of the commonwealth and the national government has requested that accurate information be secured at once of the ability of women to serve in this emergency, either in their homes or in the industries of the commonwealth, which information requires that in every community there be made and kept classified lists of all women willing to serve in trained or in untrained service in the country and

Whereas, This record of service is now being undertaken by the Department of Registration of the Pennsylvania division's Woman's Committee of the Council of Public Safety; now,

Therefore, I, Martin Grove Brumbaugh, Governor of the commonwealth of Pennsylvania do hereby set apart and designate November 1 and November 2 of this year to be days

What Is Back of Your Bond

Much has been written about the investment of a Liberty bond. This safety should never have been questioned. A United States bond, whether Liberty bond or any other kind, is purely and simply the government's promise to pay a certain amount at a given date, with interest at this or that rate during the interim. And a United States greenback is no more or less, in backing, of course, the interest feature. The only real difference is that the greenback is legal tender while the bond is not. You can pay your grocer, your landlord, any creditor, with the greenback. Before you can pay from your bond investment you must trade the bond for the greenback. But both are backed by all the resources of the country and stability of the government. Just so long as an American dollar is worth a dollar, a fifty dollar Liberty bond will be worth fifty dollars anywhere on earth. Uncle Sam will have to go broke before either becomes a doubtful investment.

Notwithstanding the fact that Charleroi citizens are subscribing heavily for Liberty Loan bonds, the tobacco fund for soldiers is not being overlooked. While we are providing the money with which to buy the necessities for the fighting men on the western front, at the same time we are adding a little for his comfort. A smoke will be a comfort to many a man, even during the time he is under fire. It will be a period of intense nervous strain—the soldier will have to wait until he gets the word, "Over the top," and he will want something of a soothing nature, to help him maintain

If he has "the makings" he will roll a "flag" cigarette—and wait for the orders to come which will send out and over "No Man's Land." Some of the boys will not come back but even in his last few moments it will be something to realize that a contribution of yours had helped him at a quiet time.

A soldier recently writing from France said that cigarettes sold at 10 for 60 cents. Some price, isn't it, but we can help the boys and save them money by sending over these smokes kits, which will be so welcome to the men who are now, or who are soon to arrive in France. There will be hundreds of thousands of our men across the water before long; they are going every day and it is for the benefit of these men that the tobacco fund is being raised. You will notice that it is gradually increasing. It is a little more than \$115 now.

WILL HONOR COLORED MEN BY GREAT DEMONSTRATION

VISITS SCENE OF MONITOR WRECK

Superintendent Underhill of the Carnegie Steel company local water transportation system was in Charleroi yesterday and visited the scene of the sinking of the Monitor. He was gathering information as to the incidents leading up to the disaster which resulted in the sinking of the Monitor. At the request to be held tomorrow by Coroner Heffran it is likely he will be present.

Leading Citizens of Their Own Race Will Tender Banquet to Them

PARADE WILL BE A FEATURE

Indications point to the fact that the demonstration to be held in Monongahela this evening, in honor of the colored men who have been drafted and accepted for service in the National Army will be on a par with previous affairs of this kind given in the Fifth District.

Not only will the colored organizations be conspicuous by their presence, but likewise veterans of the civil war and members of the Grand Army of the Republic will take part.

Locally, Glass City Lodge of Odd Fellows as well as the Patriarchs will be on hand, and it may be that the colored Knights of Pythias will be there. Similar organizations will be present from Monessen, Donora and Monongahela and altogether it will be an imposing demonstration.

The three chiefs employed in the Monongahela hotels will prepare the banquet, which will be served by the colored ladies of Monongahela, and the tables will be spread in the Armory. Following the banquet there will be a number of addresses, to be given by members of the exemption board, as well as by leading colored citizens of the district.

In addition to the men from the Fifth district, ten men from Monessen will report at Monongahela to take part in the celebration. The Monessen men, however, will go to Camp Lee, at Petersburg, Va., but as no special demonstration was to be given in Monessen in their honor they will be taken care of in Monongahela.

The parade, which will be in charge of Thomas West, of Charleroi, will form at 7:45 at Seventh and Chess streets, and move over a short route and disband at Fourth street. No one but draftees will be admitted to the armory at 6:30. At the banquet S. L. Pangburn will be toastmaster, and invitations have been extended to the Burgesses of Charleroi, Monessen, Donora and New Eagle and the Mayor of Monongahela. A large number of colored citizens of Charleroi will witness the parade.

Miss Mina Moffatt of Mercer, Pa., is spending the week with her brother, H. E. Moffatt and wife of Falkfield avenue.

The Annual Ball and Masquerade of Charleroi Circle No. 303 Protected Home Circle will be held in Night's Auditorium, October 26. Admission—gents 50 cents, ladies 25 cents. 017-19-20-22-24-25

SOLDIER TRAINING VERY ACTIVE WORK

Boyd Crawford, who is at a training camp at Belvoir, near Washington, writes his father, John S. Crawford, of 226 Washington Avenue, under date of October 14, as follows:

"I have been through so much during the past week that I hardly know whether I can call it all up in proper order to tell you.

"I have built barbed wire entanglements, laid out trenches, made reconnaissance sketches, studied mining, trench digging, bayonet drill, physical drill, had about one million typhoid 'bugs' injected into my system, semaphore drill with flags, and wound up the week with a six-mile hike with full pack and rifle, this weighing about fifty pounds and is some load, especially during the sixth mile, but I have survived all of them in excellent condition and am well, except for a cold which is leaving.

"We have had lectures on discipline, sanitation, marching, military road building and a great many other military matters.

"We spend our mornings at drill and physical exercises and the afternoon in practical military engineering, the evenings in study and after a day of this, a night of very sound sleep. Before coming here it was different. If I had been out all day and had plenty of exercise. I slept fairly well; if I had spent the day in my office I spent a considerable part of the night awake thinking over the various things that had come up during the day. Now I get as much mental work, but combined with it enough physical work to bring on sleep without any coaxing. There is no need to 'count sheep'.

The Y. M. C. A. gave us a very good vaudeville last Thursday night and moving pictures last night, also the Y. M. C. A. building is heated and is a good place to write. Unfortunately we must study in our barracks. I do most of mine on my cot wrapped in a sweater or bath robe and blankets. Fortunately I provided myself with plenty of bed covering so keep plenty warm enough at night. I find that a piece of paper between blankets at the foot of the bed helps quite a lot.

"I'm not sure that I told you in my previous letter that we are scheduled to go to Washington in about two weeks. The barracks there are steam heated and have hot water, which will help some. Bathing in cold water is uncomfortable when one is unused to such a temperature."

To The Farmers of America

You Farmers of America are the backbone of the nation. You provide the wheat and corn, oats, meat and milk

that enable us to live. You provide everything that goes upon our tables. You have furnished tons and tons of food to feed our soldiers and to feed our allies. Your sons and brothers by the tens of thousands have shouldered guns and gone to fight the Prussian hordes just as other farmer boys went out to fight the enemies of Freedom in 1861 and 1875.

We need every dollar that can be raised. It is just as important that every Farmer buy all the Liberty Bonds he can possibly take as it is that he raise all the food that he can. It is just as important to buy Liberty Bonds as it is to send your boys across to the trenches to fight. For the brave American boys CAN'T POSSIBLY WIN unless we back them up with all the money we've got.

We urge you to come to this Bank and arrange to get your Bonds at once. U. S. Government Liberty Bonds are the safest and surest form of investment in the world. You will get 4 per cent interest in your money, and if you would ever need to you can sell your Bonds and get the cash, or you can borrow money on them. Moreover your income from these Bonds will be free from all state, county, municipal and normal income taxes.
